Julian Francis Abele Fund

The PennDesign Black Student Alliance has established a fundraising goal to recognize the contributions of Julian Francis Abele by endowing a scholarship in his name. Julian Francis Abele, a native Philadelphian, was the first African American Architecture graduate of the University of Pennsylvania. Creating an endowment will provide educational opportunities for future underrepresented minority students and acknowledge the contributions of one of our most notable African American Alum.

Please fill out the giving form below to proceed with your gift to the JFA Fund. You will receive a receipt from the PennDesign Development Office, confirming your gift. Please send to the address above and make checks payable to the Trustees of the University of Pennsylvania. Donation by credit card is also available with this form.
