Architectural Resources Group (ARG) is a nationally recognized architecture and consulting firm with offices in San Francisco, Los Angeles, and Portland. The firm seeks an experienced **Architectural Conservator** for a full-time position to join the conservation department in their San Francisco office.

Job responsibilities may include historic research, field investigations and materials testing, building surveys, preparation of construction drawings and specifications, construction monitoring, and report writing.

Candidates should have a graduate-level degree in architectural conservation or equivalent experience, and three or more years of professional experience. Applicants should have a working knowledge about the conservation and treatment of a wide range of historic building materials and excellent communication skills. Demonstrable skills in AutoCAD and proficiency in graphic programs such as Adobe InDesign are also beneficial.

Applicants must be a US citizen or hold a US work visa. Qualified candidates should submit a letter of interest, detailed resume, and writing sample to david@argsf.com (Include "ARG San Francisco Employment" in the email subject line). Please include salary requirements and availability. ARG is an Equal Opportunity Employer.
