Architectural Designer Job Positions, Tantillo Architecture
2929 Arch Street, Suite 2800
Philadelphia PA 19101-7679
https://tantilloarchitecture.com/

Tantillo Architecture has 2 openings for Architectural Designers 0-5 years. Full time positions. Competitive Salary and Benefits. These positions are open to F1 visa students for their work/study and they will consider sponsorship if the work/study is successful. **Tantillo needs to fill these positions immediately and will do interviews over the next 2-4 weeks, but intend to move very quickly.**

Tantillo is based in Center City Philadelphia and specializes in Corporate Interiors as well as Contemporary Residential Architecture. The Architectural Designer position involves working on multiple projects at once under the mentorship of the Principal or Sr. Project Architect, depending on assignment. The candidate can be class of ’19 or Alumni, be knowledgeable in AutoCAD, Sketchup, V-Ray, Adobe Suite and Bluebeam. They are located near Amtrak, Subway and all forms of public transit.

You may find the website under construction this week because they are doing an overhaul. They only require a Resume and Portfolio, no website links or video. Cover letter is a plus but might be tough if you visit the website on a day it is under construction.

Please send application materials to Melanie Tantillo, LEED AP, Director: mtantillo@tantilloarchitecture.com.
