Doylestown, PA

Work for an Industry Leader

Challenging Projects & Dynamic Work Environment

Extensive Training Program

Community Service Opportunities

Langan is an award-winning ENR Top 500 Design Firm that offers integrated engineering and environmental services for both public and private sector clients at sites located throughout the United States and abroad. Langan receives numerous recognitions for its technical expertise as well as its work environment, including Zweig Group's Best Firms to Work For, Glassdoor's Employees' Choice Award – Best Places to Work, NJ Biz Best Places to Work and Business of the Year – 50 Fastest Growing Companies, Hartford Business Journal's Best Places to Work in CT, and Pittsburgh Business Times - Best Places to Work in Western PA. Visit our website for more information about our awards and recognitions.

Langan has an outstanding Landscape Architecture & Planning (LA+P) spring (January - May) internship opportunity in our Philadelphia, PA office. The successful candidate will have an enthusiastic, can-do attitude, will work on exciting projects, and most importantly work in a team environment while gaining practical experience.

The successful candidate will assist with discipline-related office work and technical aspects of projects. This is a great opportunity for rising juniors and seniors to get exposure to site feasibility studies which may involve field work, technical report preparation and calculations, pre-construction conditions documentation, design plans and specifications. Requirements are listed below. (Hours of operation: 8:30am – 5:15pm Monday through Friday)

Job Requirements:

- Student working towards a Bachelor's or Master's degree in Landscape Architecture;
- Prior related internship experience desired;
- GPA of 3.0 or higher preferred;
- Availability to work a minimum of 15 hours per week or more;
- Individual must be highly creative and possess exceptional computer skills in Sketchup, AutoCAD, Photoshop, and Illustrator;

- Demonstrate strong interpersonal, organizational and verbal and written communication skills; and
- The ability to occasionally travel to other regional Langan offices.

Please submit your resume, cover letter, and unofficial academic transcripts. Preference will be given to students who are currently in their Jr. or Sr. year or to students pursuing their MS degree.

Langan does not provide housing or relocation assistance for internship/co-op positions.

Langan offers its interns and co-ops opportunities that provide challenge and responsibility within an environment where they can grow and flourish!

Equal Opportunity Employer

Testimonials from past Interns and Co-ops:

"My Langan experience has been above and beyond what I initially expected to gain out of a co-op experience. I was given the opportunity to set my own bar for how much I wanted to learn and challenge myself, and I feel like this experience will be one of the most beneficial parts of my college education".

"I loved my co-op experiences here at Langan. The company provided me with outstanding technical opportunities to learn more about the fields of Civil and Geotechnical Engineering, and the team provided me the necessary background information, strong support, and thorough trust to complete projects with extreme confidence."

"Langan is the "gold standard" when it comes to internships for students in my graduate program. I was immediately welcomed into the team, trained to participate in field work, and given the opportunity to directly contribute to interesting projects. I have already recommended the internship program to my peers and hope to return one day as a full time employee".

"An internship at Langan will season you to be an ideal candidate for employers coming out of college. To me this experience was defined by the employees really taking time to make sure that I was involved and constantly learning with each individual project".
