

## **Landscape Architect (Entry Level)**

**Multiple Locations:** [www.landdesign.com/careers](http://www.landdesign.com/careers)

Hiring passionate people. Fostering good relationships. Dedication to great work. These are just three of our values that have carried us over the past 40+ years and will continue to carry us into the future.

As our firm continues to grow, we continue to be on the lookout for the next great designer; you. We are currently seeking entry-level Landscape Architect Designers to join us across multiple offices.

From the day LandDesign was founded, it was set up to be a firm that transcended generations; one that was about ideas, inspired by ideals. We are a collaborative group of landscape architects, civil engineers, planners and urban designers that approach projects with unique expertise and diverse perspectives, but with a shared goal to create places that matter.

Requirements:

- A Bachelor's or Master's degree in Landscape Architecture or comparable field
- AutoCAD, Adobe Suite, and SketchUp experience is required
- Excellent communication skills
- Strong co-op or internship experience in a design firm is a plus

This is where passion lives. Interested? Join us. Please submit your resume, cover letter, and a design portfolio (that showcases your amazing talent) directly through our website: [www.landdesign.com/careers](http://www.landdesign.com/careers)

Employees are offered a competitive compensation package which includes a 401K retirement program and paid holidays, as well as health, life, dental, vision, and disability insurances.

LandDesign is an Equal Opportunity Employer and values a diverse workplace.

## **Civil Engineer, Land Development (Entry Level)**

**Multiple Locations:** [www.landdesign.com/careers](http://www.landdesign.com/careers)

Hiring passionate people. Fostering good relationships. Dedication to great work. These are just three of our values that have carried us over the past 40+ years and will continue to carry us into the future.

As our firm continues to grow, we continue to be on the lookout for the next great designer; you. We are currently seeking entry-level Civil Engineer Designers to join us across offices.

From the day LandDesign was founded, it was set up to be a firm that transcended generations; one that was about ideas, inspired by ideals. We are a collaborative group of landscape architects, civil engineers, planners and urban designers that approach projects with unique expertise and diverse perspectives, but with a shared goal to create places that matter.

Requirements:

- Bachelor's degree in Civil Engineering or related field
- Excellent communication skills
- A good understanding of grading, drainage, water, and sewer design
- Competent knowledge of AutoCAD Civil 3D
- Related internship experience
- Passion for land development + design

Don't ask us if you're the right fit for the position, *tell us* about it in your cover letter (we do actually read them!) All interested candidates can submit their cover letter and resume directly through our website: [www.landdesign.com/careers](http://www.landdesign.com/careers)

Employees are offered a competitive compensation package which includes a 401K retirement program and paid holidays, as well as health, life, dental, vision, and disability insurances.
