

## M.ARCH APPROVAL FOR ELECTIVES OUTSIDE WEITZMAN

Master of Architecture students must receive permission from the program director before taking an elective outside Weitzman if the course will be counting towards the degree. This form is not needed for electives that are taken in CPLN, DSGN, FNAR, HSPV, LARP, MUSA.

*Please note: approval from the M.Arch department signifies that if you are able to get a seat in the desired elective, it will count towards your degree requirements. It does **not** guarantee that the other department will allow an M.Arch student to enroll in the course. Students are still subject to any registration restrictions or permits placed on courses by outside departments.*
